

Dear Students of Civil Engineering,

Faculty of Civil Engineering Osijek (GFOS) invites you to join **International Summer Conference of Civil Engineering Students (ISUCCES)**, event organized by the students of the Faculty supported by the Faculty members, and to spend **five days** of summer in the city of **Osijek, Croatia!**

(more at <http://www.gfos.unios.hr/portal/index.php/isucces.html>)

Five days of the ISUCCES include **challenge** in building small-scale models that will be tested under static and/or dynamic loading, **presentation** of students' scientific work and short **lectures** given by the Faculty staff.

The event also includes **visiting a construction site, city sightseeing, cultural night, sports, barbecue party and other social and cultural activities.**

Participants need to register and submit a scientific paper. **There is no attendance fee! Free meals and accommodation** will be provided for all the participants. Furthermore, **three best papers presented and the best model will be awarded**, while **six best presented papers** evaluated by the Committee **will be published in the Electronic Journal e-GFOS Special edition** of the Faculty of Civil Engineering Osijek.

A maximum of **24 teams** made of two undergraduate and/or graduate students will be invited to participate in the event. After successful completion of this event all the participants are going to receive a **participation certificate.**

Important Dates:

Submission of Papers

Notifications of Acceptance

Sending the Rules for Building-up the Model
