REGISTRATION FOR THE INTERNATIONAL SCIENTIFIC SYMPOSIUM MODELING OF STRUCTURES
MOSTAR, 13 - 15 November 2008

Full name _____

Address: _____

Institution: _____

Tel/fax: _____

E-mail: _____

I wish to participate in the Symposium:
With a published work – theme: _____
Without a published work

Remark: Registration to be submitted no later than 30 September 2008.

FACULTY OF CIVIL ENGINEERING
UNIVERSITY OF MOSTAR

is organizing

THE INTERNATIONAL SCIENTIFIC
SYMPOSIUM

MODELING OF STRUCTURES

MODELING OF STRUCTURES

ANNOUNCEMENT

Mostar, 13 - 15 November 2008

INTERNATIONAL SCIENTIFIC SYMPOSIUM
MODELING OF STRUCTURES
Mostar, 13 – 15 November 2008

THEMES OF THE SYMPOSIUM

The main themes of the meeting are:

- **modeling of various engineering problems**:
  a wide scope of various solution possibilities to
  chose from and freedom of choice of a
  particular model bring engineer's modeling of
  certain tasks before a grueling challenge; a
  particularly important detail in modeling is the
  testing of new models;
- **development and application of various
  numerical methods**: any new numerical
  procedure can be developed to such a degree
  that it can be applied in practice by engineer in
  analysis, design and execution; this fact
  requires the comparison between numerical
  and experimental results and full description of
  the numerical procedure on practical problems;
- **support to designing and realization**:
  numerical analysis is frequently part of
  engineer's task; therefore, it is crucial that
  results leave no doubts, especially regarding
  the accurateness of the solution; it is preferable
  to use automatic procedures and optimization;
- **software development**: numerical algorithms
  must be intelligible, reliable and simple to use,
  well documented and ready to be applied;
  software must be tested and user must be
  trained to use it; the special attention is paid to
  the reliability of software usage.

THE LANGUAGE OF THE SYMPOSIUM

Official languages of the Symposium are Croatian and
English.

IMPORTANT DATES

- deadline for abstracts to be submitted
  20 May 2008
- notice on approval of abstracts
  30 May 2008
- deadline for complete papers to be submitted
  1 July 2008
- deadline for Symposium participants' registrations to
  be submitted   30 September 2008
- the Symposium will take place
  13 – 15 November 2008

PAPERS OF PARTICIPANTS OF THE SYMPOSIUM

Abstracts and works should be written in .doc format
(Microsoft Word).
Abstracts should be prepared in English language,
using font Arial, size 11 pts, on not more than one page
of A4 format. On the same page containing the
abstract, please mention full names of authors, titles,
contact addresses (mail and e-mail addresses) and
contact telephone numbers. Abstracts in electronic form
should be sent to the Organizing Committee not later
than 20 May 2008.
The maximum number of pages for the complete
papers is limited to fourteen. Detailed instructions on
paper writing will be included in the attachment of the
second announcement. Instructions together with the
template will be sent to authors of papers also with the
notice on approval of works.
Every work approved by the Symposium Reviewers'
Board will be published in the Symposium Proceedings
(the Proceedings will be printed in two volumes, in
English and Croatian languages). Authors should
submit their works no later than 1 July 2008.

PARTICIPATION FEE

The Symposium participation fee is:
- Before 31 July 2008: EUR 75
- From 1 August 2008: EUR 100
The participation fee includes:
- participation in the Symposium,
- publication of papers in the Proceedings,
- one copy of Symposium materials
  including Proceedings,
- cocktail party at the opening of the
  Symposium,
- Gala dinner.

**WHERE AND WHEN THE SYMPOSIUM WILL BE
ORGANIZED**

The Symposium Modeling of Structures will be
organized in the amphitheatre of the Faculty of
Civil Engineering of the University of Mostar from
13 to 15 November 2008 (from Thursday to
Saturday).
